

COVER LETTER

April 18, 2025

Dear Editor-in-Chief,

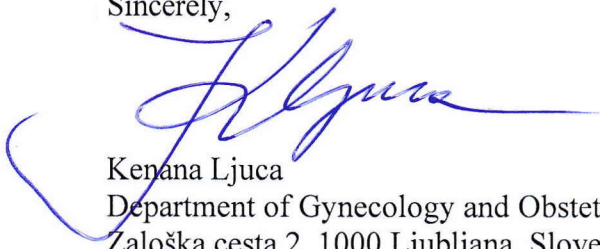

Please find enclosed our manuscript, **Association of Botulinum toxin treatment due to aesthetic corrections in the face with the level of happiness, anxiety and depression** by **Omar Suljagić et al.**, after **minor revision**, which has been submitted as an **original article** in Medicinski glasnik (Zenica).

We accepted all suggestions and did changes in the manuscript according to them. We made all corrections requested by the reviewers and the Editor-in-Chief.

All of the authors declare that they have all participated in the design, execution, and analysis of the paper, and that they have approved the final version. Additionally, there are no conflicts of interest in connection with this paper, and the material described is not under publication or consideration for publication elsewhere.

Thank you for your time and assistance.

Sincerely,

Kenana Ljuca
